

Hidden Tales Digital Art Trail

Instructions for following the Trail:

- There is an artwork at each of the venues on the map. It will either be on an artist's easel, on a wall or in a window.
- Each artwork contains a QR code and a web link to a short film. To watch the film you will need a smartphone or mobile device with a QR code scanner (available free from your App Store). Alternatively you can type the web link into the web browser on your phone, or on a computer at home, or in a public space such as the library.
- Ensure your device is WiFi enabled. There is free public WiFi at most of the venues (see details on the map).
- To connect to RMBC-Public WiFi open your web browser and you'll be directed to the public login screen. Agree to the terms and conditions. Enter your email address and click Log In.
- For the best user experience we recommend using headphones to listen to the short films.

For more information about the trail or to view the films online please visit hiddenrochdale.co.uk
